Ek line mein poori rulebook

Asli log, asli jagah, asli saboot = bharosa bhi, reach bhi

Instagram/Facebook ke 2025–26 ke originality rules wahi cheez reward karte hain jis par log bharosa karte hain: apna banaya content, asli chehre, asli kaam OFFICIAL. Ipsos AI Monitor 2025 (India): 47% log insaan ke banaye video ads pasand karte hain (40% AI wale), aur 67% chahte hain ki company AI use bataye STUDY.

Tag	Matlab
OFFICIAL	Meta / Instagram / Google / ASCI / sarkari source
STUDY	Naam wala study/report (zyada tar secondary se padha)
PRACTICE	Industry ka anubhav — data nahi, achhi aadat
VERIFY	Pakka nahi / badal raha hai — har quarter check

01

AI na lage — kya hatana hai

Ye AI / generic lagta hai — mat karein

- **Visual:** dark neon / purple-blue gradient, glow, glassmorphism, udte particles, 3D blob/chrome, emoji ko icon ki tarah, sab kuch perfect symmetric, AI chehre (waxy skin), galat ya toota Devanagari.
- **Audio:** sapaat TTS, har line ke baad ek jaisa pause, Hindi ka galat uchcharan, har video mein stock music, voice jo instruction bhi bol de.
- **Copy:** "Unlock", "Elevate", "In today's fast-paced world", emoji ki line, aisi line jo kisi bhi business par fit ho jaaye.
- **Nakli cheezein:** nakli rating stars, nakli review, AI se bana "customer / dukaan / team member" asli bata kar.

Ye insaan ka banaya lagta hai — karein

- Founder/team camera par (phone se shoot chalega), asli office/kaam, behind-the-scenes.
- Asli screenshot (date ke saath, personal data blur) — client ki likhit permission se.
- Asli photo par haath se bane arrow/circle/notes.
- Bolchaal ki Hinglish voiceover; voice natural aur shaant.
- Specific baat: "kirana store near me", "Diwali stock" — generic nahi.
- Ek fixed design system (agla section) — flat/editorial, 2 font, brand colours.

AI kahan use kar sakte hain, kahan nahi

Theek hai	Label zaroori	Kabhi nahi
Caption ka pehla draft, subtitles, spelling check, idea, code se bani flat graphics	AI voice (Gemini TTS), realistic AI image/video — Meta "AI info" ON OFFICIAL · IT Rules 2026 OFFICIAL	AI se nakli customer/testimonial, kisi asli insaan ki shakal/awaaz, nakli dukaan/jagah asli bata kar, deepfake VERIFY (ASCI AI guideline, Sep 2026)

Voiceover rules (pichhli galti se seekh)

- TTS text mein **koi instruction mat likhein** ("Say calmly…") — model use bhi bol deta hai.
- Har voice track ko transcription se check karein: shuru mein faltu shabd nahi, har line saaf.
- Tone: natural, shaant, dost jaisa — "energetic ad" wala nahi. Approved voice: Achird (Gemini).
- Sabse best: Founder ki apni awaaz (phone par record) — sabse zyada bharosa, label ki zarurat nahi.

02

03

Engaging post — kya kaam karta hai

Signal	Kya karein
Watch time, likes, **sends** (top 3) OFFICIAL Mosseri, Jan 2025	Reel pehle frame se kaam ki baat; aisa content jo dukaandar apne dost ko bheje. Non-followers tak pahunchne mein sends sabse zaroori.
Saves	Checklist, template, steps, myth-vs-fact — carousel mein. Carousel single image se kai guna zyada save hote hain STUDY Metricool 2026.
Originality OFFICIAL	Apni graphic/voice/commentary. Repost, watermark, sirf crop/border = reach kam.
Format roles STUDY	**Reels = reach** (naye log), **Carousel = saves + engagement**. Har hafte dono.

Hook formulas (pehli line / pehle 2 sec)

Type	Example
Samasya	नया माल आ गया... पर customer?
Galti	Google Profile की ये 3 गलतियाँ customer भगा देती हैं
Myth	"Ads सिर्फ़ बड़ी companies के लिए" — सच या myth?
Sawaal	Google Business Profile क्या है?
Proof-first	Sirf asli, dated, permission wala data — nakli % kabhi nahi

Structure

- **Reel:** 15–45 sec PRACTICE ; pehle frame mein on-screen text; har pause kaatein; Hindi subtitles safe zone mein; end par ek CTA.
- **Carousel:** 6–8 slides PRACTICE — cover (sawaal/vaada + "Swipe") → har slide ek idea → aakhri slide checklist/CTA + "Save karein".
- **Caption:** hook (125 char) → 3 points → ek CTA. IG 5 hashtag, FB 0–2.
- **Series:** naam wali series — "Dukaan Digital Tip #", "Myth vs Fact", "Kya hai? (GBP, SEO, Ads…)".
- **Stories:** poll/quiz/question sticker — jawab dene walon ko DM se ek-ek reply.
- **Trial Reels:** naye hook pehle non-followers par test OFFICIAL .

Engagement bait — reach girti hai OFFICIAL

"Comment YES", "Tag 3 friends", "Share karo tabhi…", reaction se vote. "Comment AUDIT" jaise keyword prompt grey area hain — Facebook par avoid, IG par kabhi-kabhi. **Theek hai:** asli sawaal ("Kaunsa step mushkil lagta hai?"), "Save karein", "Jo dost nayi dukaan khol raha hai, usko bhejiye".

04

Leads ka system — profile se WhatsApp tak

Reach kam (IG ~39/post) hone ki asli wajah: content share nahi hota, aur WhatsApp tak pahunchne ke raste kam hain. Isliye pehle **raste** banayein, phir content.

Step 1 — Profile setup (free, ek baar)

Jagah	Kya karna hai
Instagram profile	WhatsApp Business number link karein → profile par WhatsApp button OFFICIAL. Name field mein keyword ("FutureTech | Website · Google · Ads"). Bio 3 line: kisko madad + kya result (sach) · ek checkable fact · ek CTA. Pehla link: `wa.me/917974217411?text=Namaste%20(IG-BIO)` . Highlights: Kaam/Results, Reviews, Services, Process, FAQ. 3 pinned posts: service, best carousel, best Reel.
Facebook Page	Button: "Send WhatsApp message". Page = bharosa + ads ka base; organic reach kam rahegi (Mar 2025 se Friends tab) STUDY.
Meta Business Suite	Inbox → Automations: instant reply, away message, FAQ, keyword reply (jaise "GBP") jo wa.me link + 2 sawaal bheje.
WhatsApp Business	Greeting: "Namaste! Aapne humein kahan dekha — Instagram, Facebook ya Google?" · Away message · Quick replies (/) · Labels: New, Qualified, Proposal, Won, Lost + IG/FB/GBP/Ads · Catalogue (packages, sirf final price).
Google Business Profile	Har field poora: categories, services, hours, photos/video. Hafte mein post (Call/Learn more button). Har delivered client se review link maangein, har review ka jawab. GBP chat Jul 2024 mein band OFFICIAL ; Q&A ki jagah ab Gemini answers — FAQ ki baatein description/services mein likhein.

Step 2 — Content mix (hafte mein 3–5 feed post STUDY Buffer)

Funnel	Hissa	Content	CTA
Awareness	~50%	Hindi Reels — dukaandar ki ek samasya	Soft: "Save karein / bhejiye"
Consideration	~30%	Info carousel, process, asli client kaam, myth-fact	Soft: "Sawaal ho to WhatsApp"
Conversion	~20%	Service post, asli testimonial, deadline wala asli offer	Direct: "WhatsApp karein: 79742 17411"

Mix PRACTICE hai, data nahi. Har post par soft WhatsApp CTA; har 4–5 mein se ek direct ask.

04b

Leads — lead magnet, jawab aur tracking

Lead magnets (Founder decide kare)

Jawab ka niyam

- Pehle 2 sawaal: business kya hai, shehar kaunsa — phir sahi service.
- Har lead ko label + sheet mein.

Tracking — kaunsi post se lead aayi

- Har post/campaign ka code: `IG-R04`, `FB-C05`, `GBP-P02`, `BIO`, `STORY`.

- Website links par UTM: `?utm_source=instagram&utm_campaign=c05`.
- Google Sheet columns: Date · Naam · Business · Shehar · Source · Post code · Service · Budget · Status · Follow-up · Value.
- **Har Monday review:** leads per post, leads per 1,000 reach, source-wise close rate → agle hafte zyada wahi banayein jo lead laaya.

Optional — paid

- Jo Reel organic achhi chali, sirf use "Send WhatsApp message" button ke saath boost karein; chhota budget, 5–7 din; result ke hisaab se Ads Manager. Budget Founder tay kare.

Leads mein kya nahi

- "Guaranteed #1 ranking", "100% leads", nakli testimonial OFFICIAL ASCI.
- Scraper ya password maangne wale automation tools.
- Bina permission client ka naam/screenshot (DPDP).
